COSHOCTON DAILY AGE.

THE WEATHER Showers and thunderstorms tonight. Wednesday fair.

VOL. 4. NO. 44 COSHOCTON, OHIO. TUESDAY EVENING, JULY 15, 1902. TWO CENTS

Ransom Dry Goods Company

DAILY BULLETIN.

Shirt Waists

100 Colored Shirt Waists. Value from $1 to $1.50 choice only 50c. These goods are made from fine Leno Stripe Mercerized Zephyrs.

We bought too heavy on Shirt Waists and as the season was very backward we are left on a big lot of waists. Our entire lot of White waists in all our fine goods at just one half price and we have some beauties, made from very fine mulls and all-over embroideries. At the prices we are selling them you can all afford to have a fine waist.

White Tucked Lawns for White Shirt Waists.

We have about 200 yds of these goods to close out at half price.

$1.25 grade for 65c
$1 00 grade for 55c
90c grade for 50c

See them and you can use them. They are bargains.

5000 yards of new India Linens just received to sell at 10c, 12 1-2c, 15c, 20c and 25c. The best values you have ever seen.

Very Respectfully

Ransom D. G Co.

CLERK BURNS' OPINION

He Would Have Normal Graduates in Public Schools.

WILL KEEP THE OLD TEACHERS

But He Believes in Acting on the Advice of the Superintendent, To Make the Corps Stronger.

EDITOR AGE—There being so many rumors rife concerning the desires and intentions of several members of the board of education, we deem it a duty both to ourselves and the public that a clear understanding of the situation may be made known.

One of the most generally circulated reports seem to be that it was the desire or intention of some of the members of the board to dismiss all the old teachers in the schools and employ normal school graduates throughout. Such a statement is not only untrue but unfair and unjust to those who are striving to build up the schools, and who have only the good of our schools at heart. We have the highest regard and confidence in our corps of teachers and believe them striving to attain a standard equal if not superior to that of any city in the state. To cause their dismissal would be the greatest injury our schools could sustain. One thing we do believe is a part of our duty, however, and should be adhered to without fear or favor.

When, during the course of the year, the superintendent finds a teacher whose work fails to produce results in comparison with others of the same grade, or where a teacher is incapable of carrying out the work as laid down, it is the duty of the superintendent to so state to the board such facts and at the end of the year such teacher should be dropped and another one provided. No teacher should be employed unless in accordance with the recommendation of the superintendent. We are aware that the moment the dismissal of a teacher is proposed the friends all rush to the several members of the board regardless of what may be for the best good of the schools, and by argument or threat, fairly drive the board into doing what they know to be a mistake, The result is that a teacher once employed in the schools, no matter how weak in work, is allowed by the board to remain, rather than to court the ill will and contentions of the teacher and her friends.

And now in regard to the employment of teachers, let us be well understood. First of all we prefer to employ those of our own city in preference to any others provided they have equal qualifications. We do think it a mistake, however, to take the graduates of our schools who have never had a day's training or experience in teaching, and place them in a school, to be educated in their work at the expense of the schools, and especially to the injury of the 40 or more children placed under their direction and who for one year of their school life are dependent on the success or failure of that teacher.

We are aware that it has been the custom in the past, just as soon as the pupil is graduated, to elect her as a teacher. What parent will admit that the boy or girl of 18 years has a mind mature enough to warrant purchasing a stock of merchandise and embarking in business? He is just as competent to calculate the cost and profit of a stock as the old merchant, but he lacks judgment and experience and works along advancing by degreees until his training is adequate to warrant a venture. Should it not be equally as requisite to have every would be teacher trained and her mind developed in the theory and practice of teaching in order that a teacher may so present knowledge in the most interesting manner possible that the pupil may grasp it intelligently and in the shortest time.

We have taken the pains to interview a number of the best teachers in our schools today, and they have in every instance declared that their first year of school work was far from what was best for the good of their pupils, and that only experienced teachers should if possible be employed.

When our boys and girls graduate, they all know that quinine is a good medicine for malaria calomel or castor oil for a cathartic, and morphine for allaying pain, but judgment and discretion must be used in their administration, and no one is willing to employ them as doctors until they have attended a school where all conditions and theories relative to the best manner of treating a disease are presented by the ablest doctors that can be employed. This we call a school of medicine. Today no large city is without a normal training school for teachers, and no one can be employed to teach in the schools of the city until she has taken a three year course in such school. What is required of the student in order to make him competant to practice medicine, is equally applicable to the one who seeks to impart knowledge to the young. And when we stop to consider that about 75 out of every 100 of the pupils who attend our schools never attend more than eight years, should one-eighth of this pupil's school work be practiced upon by an inexperienced teacher? And if the larger cities require such training and qualifications are not the best possible opportunities just as desirable for our boys and girls?

We have a few vacancies this year to fill, and we have an opportunity to employ some teachers who have passed through one of the best normal training schools in Ohio, and who are the choice members of the last class of graduates. They can be secured for a very nominal amount in advance of that which we would pay an inexperienced teacher, and having no experienced teachers as applicants we think it the very best thing for the good of our schools to employ them. In the meantime we wish to say that every graduate of our schools who will so qualify herself by such a course of training, will always stand first in our consideration for a position, and at a salary in accordance with her qualifications

Trusting that we may be understood and that our citizens will accept our desires wholly in the light that we have only the best interests of our schools at heart, we are most respectfully,

WM. BURNS.

RIGHT AT HOME.

Town Topics and All Kinds of Local Happenings Told in Brief.

—The Gray Hardware Company.

—The German Lutheran Sunday school will have their annual picnic Thursday.

—Orin Shrigley, a piano tuner and music teacher living in Adamsville, will move to this city August 1.

—The jolly campers at Camp Porteus regretfully broke camp Monday. They had expected to do it last week but on account of the high waters they could not move out.

BEACH FACTORY TO START.

First Work Will Probably Be Done Wednesday.

The busiest place in town is the plant of the H. D. Beach company on the hill. Preparations are being made to place it in operation with the least possible delay, and it is thought some work will be done Wednesday.

The force that has been at work in the company's temporary factory in New York has returned and will be increased as soon as the factory is ready to receive more men. The principal work at hand now is preparing the room for the artists and it is believed they will go to work Wednesday under the direction of Tom Arnold who will be in charge.

Workmen are busy setting up the machinery, and a great deal of shafting is already in place. One press is up, others have been delivered and the remainder have been ordered and are on the way. Work on the buildings is going on as rapidly as possible, and the entire plant will be completed and in operation at the earliest possible date.

H. D. Beach, the head of the company, is working hard, and Superintendent Harry Beach has been working day and night since his return from New York. The force is being organized, and as soon as the buildings are ready the different departments will be added.

OUT FOR A GAME.

The Katzenjammers Want to Play Ball Saturday Afternoon.

The Katzenjammers want to play ball, and they want a game next Saturday afternoon. The challenge is open to any club in the city, and the necessary arrangements may be made by addressing the manager, A. N. Sabling, at the Mecca.

The Katzenjammers are selected from the Meek & Beach company artists, and the artist room is just now the particular spot in Coshocton where they talk base ball. They all know the game and have played enough to believe they can carry the pennant away from the best team in the city.

Sent to Youngstown.

Brief funeral services for Evan Davis, who died at the residence of Thomas Furnell, were held this morning by the Foresters, of which he was a member. The local lodge accompanied the body to the Wheeling depot, and a committee went to Youngstown, Mr. Davis' former home, where interment will be made.

Thirsty Immigrants.

The proprietors of a Dennison bar were fined $25 and costs by Mayor Hill Monday for selling bottled beer on Sunday. The beer was sold to immigrants on a second section of No. 3, some of whom broke the bottles and drank the contents on the station platform.

How to Make Good Roads.

The township of Russell, Geauga county, is setting an example in the good roads movement which might to be generally imitated in this section of the state which has been remarkably backward in this respect. The trustees have just voted to levy a tax of four mills to build permanent roads. This may seem a great burden to the average farmer, but he'll get it all back many times over.

May Put Up a Crane.

The mail service for Coshocton has been improved. The fast train west in the morning does not stop here, but in the future it will slacken speed in order that a pouch from the local postoffice may be put on board. It is possible a crane from which the bag can be taken will be erected near the passenger station.

Granulated sugar, twenty pounds for one dollar and flour one dollar per sack all this week. Coshocton Grocery company, corner Walnut and Cherry streets. J. W. Almack, manager. Phone, 129. 7-14 2t

TWO TRAINMEN DEAD

Pan Handle and Baltimore & Ohio Freights Come Together.

NEWARK MEN ARE THE VICTIMS

Rear End Collision at Midnight Monday Caused The Death of J. A. Little and Orin Ditter.

[Special Telegram to THE AGE.]

NEWARK, July 15—Two freights came together at Kirkersville, west of this place Monday at midnight, and two Newark men are dead. The wreck was costly.

A Pan Handle freight train was leading and the Baltimore & Ohio train was following close after when the collision occurred. The Baltimore & Ohio engine crashed into the caboose of the Pan Handle train and ripped its way along the train for some distance before it was stopped. None of the Pan Handle men were hurt, but Engineer J. A. Little and Brakeman Orin Ditter, of Newark, were killed.

The engine was imbedded in the Pan Handle freight, and it was some time before the track was cleared. The financial loss will be heavy.

As yet no explanation for the wreck has been given. The Baltimore & Ohio train was running at high speed when the collision occurred.

Kirkersville is 12 miles west of Newark. The bodies of the dead trainmen were brought to Newark.

DEATH OF MRS. M'MUNN.

The Sweet and Tender Soul of a Well Known Lady is Called Home.

Mrs. Mary McMunn, widow of J. W. McMunn, died at her home in Columbus Monday afternoon after a long illness. The body was brought to Coshocton this afternoon, and taken to the residence of her daughter, Mrs. J. N. Collier, at Walnut and South Lawn avenue. Rev. Dr. Hunt will conduct the funeral services Wednesday afternoon at 2 o'clock.

Mrs. McMunn was born in Jefferson county 77 years ago, her maiden name being Mary Johnson. When she was a little girl her parents moved to Coshocton county and settled in White Eyes township. There she was married and later she came with her husband and family to Coshocton. She was the mother of nine children five of whom survive her. They are Mrs. J. N. Collier, of this city; Mrs. Martha Ford, Long Pine, Neb.; Harvey McMunn, View, Wash.; Mrs. Laura Bitner, Cleveland, and Clinton McMunn, Columbus. Mr. McMunn died in 1891.

Mrs. McMunn was for many years a resident of Coshocton, and her kind, gentle manner is recalled by the many friends who knew her. She was possessed of those beautiful traits that made her a model mother, and when her family had grown to manhood and womanhood she continued to lavish the wealth of her sweet affection upon them. She was a Christian, strict and devoted in her adherance to the Presbyterian faith, and many of her charitable and worthy impulses were given for the Coshocton church. To the last she was uncomplaining, even solicitous for the welfare of those about her rather than thinking of her own physical infirmities. The world lost a good woman when Mrs. McMunn was called away.

ELKS AGAINST PYTHIANS.

Entertaining Ball Game Is Promised Next Week.

A base ball team made up of Elks have challenged the Knights of Pythias for a game at Riverside park next week. The Pythians promptly accepted and arrangements are being made for the contest. That it will be a warm game goes without saying and already some of the boys are tossing balls in the alleys near the business section in the hope that they will get a place in the game. It is given out, however, that only good men will be chosen and those players who use tennis balls and a paddle cannot hope for preferment.

Coshocton Likes Them.

One of the star features of Labor day may be the famous Newcomerstown band. The committee have every reason to believe the band will be here that day. That the Newcomerstown boys will receive a hearty welcome goes without saying. It is one of the best amateur musical organizations in Ohio, and Coshocton never fails to give it the glad hand. It is expected that a large number of Newcomerstown people will come as a guard of honor for their favorite organization.

Council Has Business.

Council will meet in adjourned session this evening for the purpose of advancing the matter of constructing an outlet sewer on the hill. The work must be done before September in order that the Bancroft school may be connected and the building opened for work at the time specified by the board of education. There is no other business of importance before council although other matters are sure to appear during the evening.

I can fill your order promptly now for awnings and porch curtains. Call phone 284. I. C. Dickerson. 12-3t

—Mr. and Mrs. T. H. Wheeler, Mrs. Merrell Smith and Miss Anna Lang went to Zanesville where they will take the Lorena and will make the trip to Pittsburg up the Ohio.

—J. J. Powell left Saturday evening for Newark where he will be united in marriage with a charming lady of that city. Mr. Powell is an employe of the Coshocton Vehicle company. They will reside in this city.

—Judge and Mrs. W. R. Gault will leave Wednesday for a visit with the former's sister Mrs. Cunningham, at Van Wert. From there they will go to Winona Lake to spend the remainder of the summer.

BLEEDING

Was Joseph Watts, of West Carlisle. When He Found Dr. Marshall.

Joseph Watts, a farmer residing near West Carlisle, cut the index finger of his left hand while whittling Sunday. He came to the city Monday and was walking along Main in the afternoon when he discovered blood dropping from his hand. Watts hastened to the office of Doctor Marshall leaving a trail of blood behind him. There it was discovered he had severed an artery in the finger. Blood was spurting from the wound and it was only stopped after Watts had lost a considerable quantity. The man was weak and great drops of sweat stood on his forehead. He recovered sufficiently to go home.

Trunks and valices. A. N. Compton

WANTS TEN THOUSAND

For the Death of Corrie M. Spurr at Gravel Pit.

PAN HANDLE IS DEFENDANT

Claim Is Made That The Company Was Negligent and Caused The Boy's Death.

The Pan Handle has been made defendant in a $10,000 damage action. The suit was filed by Attorney Joe McDowell as administrator of the estate of Corrie M. Spurr.

Spurr resided with his parents on Main, and was employed as a member of the night force at the Pan Handle gravel pit south of the city. When they were about to quit work one morning he was buried under a mass of gravel. The steam shovel was used to find the body, and it was brought to Coshocton and buried.

The suit alleges negligence on the part of the company, and the claim is based on that ground. It is understood the company refused to settle.

Another suit filed with Clerk Mizer is that of George Ringwalt, F. M. Buxton, W. L. Berry and R. A. Holl. They brought suit for themselves and for the benefit of other members of the New Castle M. E. church claiming $410 from Jonas Kuhn and Joshua Kuhn, contractors. They claim that amount from the contract price because of alleged defects in the building.

Mary E. McClain, administratrix of the estate of Chester McClain, has sued Seth Shaw for $186 on a note.

BALCH WAS BRUISED

He Fell off a Wagon While Leaving the Milligan Stone Quarry.

Harry Balch is confined to his room at his home on Main suffering from the effects of an accident that came near costing him a broken leg.

Balch was on a wagon loaded with stone that was leaving the Milligan quarry near Roscoe. He was leaning against the brake bar when it broke. He fell into the road directly in front of the rear wheel, but possessed sufficient presence of mind to roll out of the way. Had he remained his leg would have been crushed.

His leg and side were badly bruised as was his face. He was taken home and in time will be as well as ever.

Completing the Count.

Mr. Mullins, who has charge of the force who are preparing a directory for Coshocton, expects to wind up his business within the next few days. The count is practically completed, Roscoe having been taken yesterday. Mr. Mullins does not know where he will go from Coshocton, but it is possible he will be sent south.

The new directory will not only include Coshocton but will take in the contiguous territory. Streets that are not actually in the city limits will be included and an estimate of the population will be made on a basis of 2½ to every name. This, the company has found, is as near as can be reached without counting every person in a community.

FIRST CURFEW BELL.

It Was Rung Monday Evening at City Hall By Janitor Decker.

The ringing of the curfew is now an established institution in Coshocton. Acting on the order of Mayor Rinner the curfew was rung by Janitor Seth Decker at city hall Monday evening. At 9 o'clock in summer and 8 o'clock in winter he will sound the signal for children to leave the streets and go home.

The ordinance was enacted by council three weeks ago but there was delay in its publication and it was not enforced until Monday.

Unclaimed Letters.

List of letters remaining unclaimed at the postoffice at Coshocton, Ohio, for week ending July 14, 1902.

Ladies: Jane Greenwood, Mrs. Theo. Leever, Mrs. Loos Marlatt, Mrs. Mack Osler, Miss Maggie Randles

Gentlemen: Charles Raugk, G. H. Seiber, J. F. Silbert, George Thomas, Abe Zimmerman.

Persons claiming the above will please say "Advertised" and give date of list. C. B. McCOY, P. M.

End of Special Services.

The special service known as forty hours devotion closed at the Church of the Sacred Heart this morning. Services were held at 5, 6 and 7:30 o'clock. Rev. Father Synon was assisted by Rev. Father Mead, of Minga, and Rev. Father Heery, of Dennison. The services were largely attended

To Shoot a Well.

John Kissner and Matt Spellacy have leased a big block of land near Hopedale in Harrison county, and their first well will be shot today. Much is expected from the well, and it is believed the oil territory in that section will be extended. Mr. Spellacy alone has 500 acres in that section.

Mr. Caton Proud of His Wheat.

L. C. Caton, of the Fountain, owns a farm north of Columbus on which is a field of wheat of which he is proud The field contained 14 acres, and each acre yielded 40 bushels of wheat when the threshers were done. It is looked upon as remarkable in that section this year.

Parties wanting tents should see I. C. Dickerson. 12-4t

General Chaffe is to come home from the Philippines and be stationed in New York. If the general can find pleasure and rest in the great metropolis the country will be glad to learn of his assignment. He is a brave officer, a thorough soldier whose service on the plains, in Cuba, China and the islands of the east have earned for him the plaudits of the world even though some of his own countrymen have seen fit to snap viciously at at his heels as he went bravely on doing his duty.

The ringing of the curfew marks a the beginning of a new epoch in Coshocton. If the law can be enforced it will keep children off the streets at hours when they should be at home. Perhaps the most important feature long of the ordinance is the age limit of the children who are expected to obey its not do so ions.

The intelligent management of st Trades council and the hearty co- eration of Coshocton business men ent to doubtless produce a Labor day series ation of which the city will ept the reason to be proud. Energy and y injected into matters of this kind seldom fail of good results.

We are going to be officially separated from Canada by hundreds of miles of wire fence. A boundary line built of no stronger material will probably answer every purpose for the present. The day may come when none will be needed.

More than half a hundred of the commissioners of the St. Louis world's fair have signed the contract with the United States treasury department in which they agree to keep the fair closed on Sunday. When Uncle Sam takes up Sunday closing even St. Louis bows its head.

The Louisiana legislature has passed a law making it a penal offense to sell or use a history which does not do full and fair justice to Admiral Schley. The author of that law forgot that justice does not come by law

"Mr. Cleveland has stabbed the party" says the great I am of the Commoner. But he didn't stick the knife in to the hasp, turn it around and then fill the wound with pepper like some people we know.

There is a suspicion extant that some of the Democratic newspapers are publishing stuff on Grover Cleveland that was handed out by Republican newspapers in 1884, 1888 and 1892.

W. Jennings Bryan continues to air his views through the Commoner, but like the man who talks through his hat the Nebraska statesman is not being taken seriously.

Colombia has decided the isthmian canal is a necesiity. Colombia was a little slow in reaching a conclusion, but that matters little. What Uncle Sam wanted was the conclusion.

Sir Thomas Lipton will try again for the cup. No one objects since the safety of the cup when Sir Thomas is around has been repeatedly demonstrated.

TRAIN HELD UP.

Passengers Robbed and Two Express Safes Blown Open.

Salida, Colo., July 15.—Five masked men held up the westbound passenger train on the Denver and Rio Grande narrow gauge line, running from Salida to Grand Junction. The robbery occurred at Mail Switch, two miles east of Chester. The passengers were robbed and both safes in the express car broken open with dynamite and their contents taken. It is not known how much money was secured, but the express company declares the amount was small, and the train generally carries very little treasure. The mail car was not molested.

Among the passengers, who numbered about 60, were many women, two of whom fainted. Several of the passengers succeeded in secreting their valuables, but many of them lost considerable sums. But one person was hurt. Engineer Perry Ruland failed to obey an order of one of the robbers promptly and was promptly knocked down with the butt end of a rifle.

Posses were sent by special train from Gunnison and Salida, and are now hunting for the robbers, who are believed to have gone south.

Miners' Convention.

Indianapolis, July 15.—Secretary Wilson said that no one can foretell the outcome of the convention. "I am in as close touch as anyone with the locals throughout the country," said he, and I am not able to say what will be done. Some delegates have been instructed to favor a general strike, if it is necessary, but as a rule the delegates will come here uninstructed. The locals have been urged to instruct their delegates and to send their best men. The convention may continue five days and it might be ended in two. It will depend entirely on the discussion."

Ordered to La Guaira.

Washington, July 15. — Minister Bowen considers the situation in Venezuela such that, at the request of the state department, the navy department has decided to send an additional ship to La Guaira, and upon the arrival of the Marietta at Kingston, Jamaica, for which place she sailed from Cape Haitien, she will be met by orders to proceed to La Guaira.

Motor-Paced Race.

Hartford, July 15.—Harry Caldwell won the three-cornered motor paced race, 15 miles, in 23:19 2-5. Benny Munroe pulled out in the third mile, claiming there was no speed in his motor. Joe Nelson of Chicago continued and was beaten by 3¾ laps. In the twelfth mile Caldwell had a puncture and fell. He quickly jumped on another wheel and lost only a lap.

Miners' Wages Increased.

Shamokin, Pa., July 15.—The Philadelphia and Reading Coal and Iron company announced that a 10 per cent increase in wages would be paid in this region to employes who had remained at work since the strike started. The strikers say this increase is intended as a bait to lure them back to work.

Havana Drydock.

Washington, July 15.—The navy department has decided to keep the Havana drydock, which was purchased from Spain, at Havana until the question of coaling stations is decided, when the department will determine whether to send the dock to one of those stations or to bring it to the United States.

Belgian Queen Has a Relapse.

Brussels, July 15.—The queen of the Belgians, Marie Henriette, who has been suffering for some time from heart disease, but who was recently reported to be better, has suffered a relapse and her condition is critical.

CAME AS A SURPRISE

The Des Moines River Breaks Over Its Banks.

FLOOD CAUSED BY A CLOUDBURST.

Levees Gave Way and Thousands of Acres Are Flooded—The Loss Will Amount to Hundreds of Thousands of Dollars, Chiefly to River Bottom Cornfields.

Keokuk, Ia., July 15.—Just as the Des Moines river began to fall at the lower portion after the floods from the upper waters, another flood came and caught everybody by surprise At the mouth the river rose eight feet and is still rising one inch an hour steadily The levee of the Keokuk Canning company broke and thousands of acres of cucumbers and tomatoes and 2,000 acres of corn were flooded The loss to the company is $10,000, and of farmers twice as much more. There is danger that this will be quadrupled in Clark county, which is protected now by only the Egyptian levee, the last stand against the advancing waters. Herculean work done at other levees nearer the Des Moines river was all for naught. The cause of the flood was a cloudburst near Given, Ia., with a rainfall of five inches over a large section near the river. All points between here and Ottumwa will suffer great damage, and the loss in the lower 50 miles of the Des Moines totals hundreds of thousands of dollars, chiefly to fine cornfields.

Floods In Iowa.

Oskaloosa, Ia., July 15.—All the streams are torrents, rushing over large areas of bottom lands Skunk river washed out the approaches to the Iowa Central bridges, and traffic has been abandoned. Another bridge was washed out at Searsboro. The water is still rising At Eddyville the flood is held from the residence portion by levees. General alarm is felt.

BOERS HOMEWARD BOUND.

Over a Hundred Arrive In New York From Bermuda.

New York, July 15.—Over one hundred Boer prisoners arrived here from Bermuda by the steamer Pretoria.

"We are all going home as quickly as possible," said General Wessels, "and if there was a boat going to South Africa tomorrow we would take it. We will try to build up our burned houses and restore things to their old standing I shall join my wife and family in Pretoria. None of them have been captured, although my sons served all through the war and were both wounded We first heard of peace June 2, but few believed it true. I fought for 21 months and was captured July 11, 1901, just a year before my release."

Commandant Peter Ferreira of the Orange Free State said there are now about 4,500 Boer prisoners in the island of Bermuda. Two hundred of these are Cape rebels. As most of them have no money for their passage home they will have to wait until a British transport arrives. Some of the released privates having complained of the treatment accorded them, Commandant Ferreira said he did not think officers or privates had much to complain of, adding that it was certain that the English cared for them much better than the Boers could have done for the English.

No Reduction of Wages.

Pittsburg, July 15.—President Theodore J. Schaffer of the Amalgamated Association of Iron, Steel and Tin Workers, emphatically denied that there was any truth in the reports that the American Tin Plate company, by which thousands of Amalgamated folks are employed, contemplated a reduction in the wages of the men Officials of the American company made similar denials.

Trunks, Valises and Suit Cases!

Are you going away on your vacation? If so, do not forget that we have a large line of trunks, Suit Cases and Telescopes. A look will convince you that we are money savers in this line.

THE MODEL

Care of the Stomach.

At no time of year is it so necessary to be careful of the digestive organs as in summer. Vitality is always at a low ebb during a spell of severe heat, and the stomach needs a tonic. BLOOD WINE is highly recommended, because it aids digestion and gives a normal tone and strength to the whole system. For sale by C. E. Anderson, No 2. Forbes Block

Saves a Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr King's New Discovery for Consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by C. E. Anderson, of Anderson's Drug and Book store, No 2 Forbes block. Price 50 cents and $1. Trial bottles free.

Reduced Rates to Cleveland.

Excursion tickets to Cleveland, account convention of German-American Masons of the United States, will be sold via Pennsylvania Lines July 16 and 17. For rates and time of trains apply to ticket agents of Pennsylvania Lines. dw-7-17

$59.25 to Tacoma, Wash., and return via W. & L. E. Ry., account Y. P. C. U. Tickets sold July 10 to 20 inclusive. Return limit Sept. 15. dw-7-20,

Don't Fail To Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia and expels Malaria. Satisfaction guaranteed by C. E. Anderson's drug and book store, No. 2 Forbes block.

WHEELING & LAKE ERIE R. R

MAJOR WALLER

Receives a Sword and Praises the Men Under His Command.

Norfolk, Va., July 15.—The presentation of a sword to Major Lyleton W. T. Waller of the marine corps by the citizens of Norfolk, his native home, was marked in its simplicity. Major Waller refrained from alluding to his courtmartial or other experiences in the Philippines.

During his speech he said:

I feel you have overestimated my services and fear that in honoring me you have overlooked the officers and men who shared the hardships and trials with me, who, by their bravery, unfaltering devotion to duty, unquestioning obedience and undying zeal, left me nothing to do but push onward and perform my duty. I wish you could have seen the enlisted men at times when the odds were as high as 80 to 1 against us. Bleeding, starving and dying, they pushed forward without murmur, without whimper. Such soldiers the world has never seen before."

After receiving the sword Major Waller shook hands with the entire audience. Later he was banqueted by the Armory Blues, his first military associates.

Strikers Encouraged.

Omaha, July 15.—The striking shopmen of the Union Pacific railway claim renewed victories. A number of desertions from the ranks of the local force of imported men have occurred, and strike leaders say they expect many more to quit. They also say that all the helpers, numbering 50 men, have quit at North Platte.

Both Vessels Sank.

Singapore, via San Francisco, July 15.—A collision took place in the straits of Malacca between the local steamer Teutonia and a Chinese junk. Both vessels sank almost immediately and only 68 persons were saved out of 106 on board.

Tourists Killed.

Vienna, July 15.—Reports have been received here of the killing of three tourists in the Austrian [illegible] last Sunday

OUR Hand Painted China Display is over. Hundreds of admiring and critical eyes examined this beautiful ware while the exhibition was on.

We have ordered from these samples, over 100 pieces which will be decorated specially for us by next holiday time

This is line of China is undoubtedly the most elegant and artistic made on this continent, and next Christmas time Coshocton people will be shown a large stock of the choice pieces of this studio from which to make their selections.

Won't Follow Advice After Paying For It.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach and Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale at C. E. Anderson's Drug and Book Store No. 2 Forbes block.

ONLY ONE CHANCE

To Visit the Seashore on Cheap Tickets via The Pennsylvania Lines.

Only one special excursion to the seashore will be run via Pennsylvania lines this summer. The date fixed for it is Thursday, July 31. On that date special rate round trip tickets to ten of the most attractive seaside resorts along the Atlantic coast will be sold and special through car service will be arranged for the convenience of persons wishing to visit Atlantic City, Cape May, Avalon, Anglesea, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Ocean City, Maryland, or Rehoboth, Delaware. The return limits on tickets to either resort will cover the customary ten days vacation. For special information regarding fares etc., consult Wm. H. Kipp, ticket agent, Coshocton, O 7-15

A Good Reputation.

"The way to gain a good reputation is to endeavor to be what you desire to appear." That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by C. E. Anderson, Forbes block.

Miners Meet at Plymouth.

Plymouth, Pa., July 15.—A big mass meeting of striking miners was held here. Addresses were delivered by T. D. Nicholls, president of District No. 1, United Mine Workers; National Board Member John Fallon and others. Mr. Nicholls said the outlook for the strikers was very encouraging, and that if they remained firm victory would be theirs before very long. National Board Member Fallon, who has charge at strike headquarters in the absence of President Mitchell, said he had received reports from the entire strike region, and they showed that everything was quiet. The strikers are firm, no additional washeries in this section were started up, and no attempt was made to resume work at any of the collieries.

To Construct a War Vessel.

Washington, July 15.—The construction bureau of the navy department is expediting as far as it can the preparations at the New York navy yard for the building of the battleship authorized to be constructed at a government yard by the last naval appropriation act. Plans for the slip in which she is to be built have been prepared, and an electric traveling crane is to be built at a cost of $90,000. The general specifications are expected to be completed by Aug. 1. All the steel contracts are to be made through the department here.

Strung Up by Masked Men.

Logansport, Ind., July 15.—At Royal Center John Kane was taken from his bed by 12 masked men, dragged to the edge of town and tied to a telegraph pole. His face was smeared with varnish and lampblack. Then a rope was passed over a cross-piece and he was strung up. Officers were heard approaching and Kane was cut down and a promise exacted that he would leave the community. Kane is in a serious condition.

Ohio River Commerce.

Louisville, July 15.—The total number of loaded packages of coal and steel that has passed through the canal here on this rise up to the present time was 425, of which 67 were steel. This breaks the record on midsummer runs of commerce and places 1902 in the lead of any years of record in point of river business. These packages were from 900 to 2,500 tons each.

The Illinois Damaged.

Washington, July 15.—The navy department received a cablegram from Rear Admiral Crowninshield stating that the battleship Illinois ran aground while entering Christiania harbor. The admiral said that both engines were backed but not in time to prevent the disaster, and that the Illinois would have to be docked for repairs.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by C. E. Anderson, Forbes block.

Seashore Excursion.

Thursday, July 31, excursion tickets will be sold via Pennsylvania Lines to Atlantic City Cape May, Avalon, Anglesea, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Ocean City, Maryland, and Rehoboth, Delaware. Return limit will cover the customary ten days' vacation. This will be a grand opportunity for a delightful vacation outing. For details apply to Wm. H. Kipp, ticket agent, Coshocton, O. 7-31

Bishop and Priest in Court.

Loncoln, Neb., July 15.—Bishop Bonacum appealed to the supreme court his suit against Father Murphy of Seward, Neb. Bishop Bonacum suspended and later excommunicated the priest, and the district court granted an injunction restraining the bishop from carrying the sentence into effect on the ground that Father Murphy had not been convicted of a misdemeanor by any tribunal of the Catholic church. This decision of the court was on the bishop's suit to restrain the priest from using church property, which is now appealed.

Spanish War Veterans.

Washington, July 15. — Adjutant General L. C. Dyer of the Spanish war veterans has received encouraging news concerning the coming encampment of the Spanish war veterans in Detroit next September. President Roosevelt will receive a hearty and fraternal welcome from his comrades. The date of the encampment is Sept. 22, 23, 24 and 25. The president will be there the 23d, and after viewing the parade will make an address. The Spanish war veterans now have about 145,000 members in the United States.

Increase of Capital Stock.

Indianapolis, July 15.—The Southern Indiana railway filed with the secretary of state a notice of increase in the capital stock from $1,600,000 to $3,000,000. The railway was originally incorporated as the Evansville and Richmond Railway company in 1897, but the name was later changed to the Southern Indiana.

Carnegie Starts Another Library.

London, July 15.—Andrew Carnegie has given £10,000 to Eastbourne, Sussex, for the establishment of a library, for which the Duke of Devonshire has given the site.

General Wheaton Retired.

Washington, July 15.—Major General Lloyd Wheaton has closed his active military career, having reached the statutory retiring age of 64 years.

TALK OF THE LOBBIES

More Changes Rumored In the British Cabinet.

CHAMBERLAIN WANTS A PROMOTION

Sir Michael Hicks Beach's Decision to Retire From the Chancellorship of the Exchequer Removes the Only Obstacle in the Way of the Colonial Secretary's Ambition.

London, July 15.—The talk in the parliamentary lobbies revolved about the highly interesting and apparently well founded statement that Mr. Chamberlain desires to exchange the office of colonial secretary for the chancellorship of the exchequer. If that be so it cannot be doubted that Mr. Chamberlain will carry his point. Sir Michael Hicks-Beach's decision to retire from office, but not from the house of commons, is final, although in deference to Mr. Balfour's persuasion Sir Michael's retirement may possibly be postponed until the end of the session. It is an open secret that the chancellor of the exchequer was only prevented by Lord Salisbury's influence from long ago abandoning the struggle against the protective influences in the cabinet represented by Mr. Chamberlain.

Mr. Balfour's accession to the premiership is a triumph of personal qualities, and by acquiescing therein Mr. Chamberlain has secured the place next in importance in the cabinet. After that of the premier, the post of chancellor of the exchequer is always regarded as the weightiest one. Therefore it would be the natural place for Mr. Chamberlain.

Among the Liberals strong fears are expressed that the departure of Sir Michael Hicks-Beach will be the signal for the furtherance of the Zollverein movement, Mr. Balfour being powerless to resist the Chamberlainite tendencies.

Among the many speculations current of a less interesting character are rumors that Lord Curzon of Kedleston, viceroy and governor general of India, may be called home to take office in the cabinet.

It is understood it has been decided that there will be no present appeal to the country.

Salisbury Honored.

London, July 15.—The court circular announces that King Edward conferred upon Lord Salisbury at last Friday's audience the grand cross of the Victorian Order, set with brilliants.

Hibernian Convention.

Denver, July 15.—The national directors decided to advise the convention through President Keating's report, to refuse all requests of collateral societies of Irishmen for aid. It was announced that the ladies' auxiliary will ask to be given a separate independent organization and to be recognized as one of the branches of the order. The national directors refused to take up the cause of Rev. Father Henneberry, who has been deposed from the faculty of the Roman Catholic university at Washington, and who has asserted that the fund furnished by the Hibernians to support a chair for teaching Gaelic at the university was being improperly used. A fight will be made on behalf of Father Henneberry in the convention.

Judge Resigns.

Honolulu, July 8, via San Francisco, July 15.—A. S. Humphreys has announced his resignation as circuit judge, having sent his resignation to the president some time ago, it is said. Humphreys was the first judge appointed in Hawaii after annexation as a territory. He was appointed by President McKinley. Soon after taking the bench he became involved in difficulties with local attorneys, partly on account of his severity in courtroom practice, and in June, 1901, he went to Washington to defend himself against charges preferred by the Hawaiian Bar association, seeking his removal. He was sustained by the attorney general and president and returned to Hawaii to resume his place on the bench.

Heat Was Intense.

Paris, July 15.—During the afternoon the heat was so oppressive at Longchamp that many spectators, soldiers and policemen were overcome. Doctors attached to hospital tents prepared for such an emergency attended to the cases of the civilians, while the army ambulances received 40 soldiers. No fatalities, however, were reported.

Missouri Republicans.

Joplin, Mo., July 15.—The Republican state judicial convention to nominate three judges of the supreme court met here. There are 500 Republicans here engaged in a lively contest, with three times as many candidates as there are places to fill.

INSANE MAN'S DEED.

Kills His Wife and Attempts to Murder His Son.

Cincinnati, July 15.—Near Mason, O., 20 miles from this city, James Conover, a farmer, butchered his wife and seriously injured his son, Charles. After beating his wife to death with an ax he carefully shrouded her mangled body for burial. Afterward he met his son at the gate and told him what he had done with his mother. Then plunging forth with his ax, the crazed father told Charles that he was to be killed next. The blow brought Charles down and the father escaped. The son's condition is dangerous. Conover was released from the Dayton asylum recently, where he has been repeatedly a patient. It is is stated that he has been affected mentally ever since his daughter died five years ago.

Putting Up a Stiff Fight.

Mansfield, O., July 15. — Sheriff Payne made the return of Governor Nash's warrant in the William Hahn case, who is charged with larceny, to the common pleas court. Hahn's lawyers then brought another writ of habeas corpus and Judge Campbell recommitted Hahn to the sheriff's keeping until the hearing, which is set for next Friday. Hahn now has habeas corpus proceedings pending in both the circuit and common pleas courts. A big fight is being made to prevent him being taken to New York.

Victims of Firedamp.

Marietta, O., July 15. — Jacob Schlarf and Solomon Greathouse are dead and George Greathouse is fatally ill from firedamp. The men were cleaning an old well at Heslop. Schlarf entered first and was overcome by gas. Greathouse attempted to save him with a rope. Greathouse was also overcome, and then Solomon Greathouse went down and succeeded in tying a rope about his brother's body. George was pulled out alive by neighbors, but his brother perished before help could reach him.

Miss Taylor Discharged.

Washington, July 15.—The state department has received a cablegram from United States Charge Iddings at Rome, stating that Clara Taylor, the Cincinnati woman who was arrested in Italy for kidnaping her niece, has been discharged from custody, the Italian judiciary having decided that she can not be extradited. The child some time ago was recovered by her faher and brought home.

Ordered to Leave.

Cleveland, July 15.—The police officials have ordered all fortune tellers and clairvoyants engaged in their business in this city to either quit their calling or leave the city. Eighteen persons are affected by the order. Recent reports of alleged swindling of visitors to the fortune tellers and clairvoyants inspired this action by the police.

Ohio Companies Incorporated.

Dover, Del., July 15.—The Harrison Williams company of Toledo, O., to manufacture railway supplies, was incorporated here; capital $200,000. Also the Edna Piano and Organ company of Monroeville, O.

Steamers Safe.

Vancouver, B. C., July 15.—The steamer Melville Dollar, from Cape Nome, reported that the steamers Jeanie and Portland had arrived safe at Nome.

Weinig Knocked Out.

Fort Erie, Ont., July 15.—Kid Carter knocked out Al Weinig in the twelfth round.

Tobacconist Dead.

Louisville, July 15.—Marcus Doerhoeffer, manager of the Monarch Tobacco company of this city, and formerly a large stockholder in the American and Continental Tobacco companies, died at his home here.

Kansas Wheat Crop.

Topeka, July 15.—Reports compiled by the Southwestern Grain Journal show that the Kansas wheat crop will be less than 35,000,000 bushels.

SITUATION SERIOUS.

Chicago Strike Is Still Far From Settlement.

ISSUE WILL BE FOUGHT TO A FINISH

Freight Handlers Send Three Different Committees to the Railroad Managers, and Each Committee Fails to Report Progress — Neither Side Will Make Concessions.

Chicago, July 15.—At no time since the walkout of the freight handlers have the parties to the controversy been more obstinate or the situation more serious than at present. Overtures made by the men have been three times rejected by railroad managers. The first call was made without giving warning to the managers, and when the committees arrived they were unable to find any of them, for the reason that the managers were having a meeting of their own and were not at their offices. The second call produced more effect, as several of the committees saw the managers, but nothing definite resulted. The last committees were sent out by President Curran of the freight handlers at the demand of the teamsters, who wanted something attempted toward a settlement. This time the committees were started so late in the afternoon that it was a foregone conclusion that they would not find many of the general managers in their offices. All the committees reported as before, that they had failed of any result. The committee that went to the Chicago, Milwaukee and St. Paul road came back bearing the information that they had been refused admission, and were informed that their former employers did not care to receive them; that they had all the men necessary in their business and that hereafter no deputations would be received from employes that had gone on strike. The officials of the road declared later that they would maintain this position.

After this had been reported at the headquarters of the strikers President Curran announced that the fight was on to a finish, and that hereafter, when the railroads had any overtures to make or wished to do any business with their employes, they would be compelled to transact such business through the officers of the Freight Handlers' union. Both sides now declare they have reached the limit and that absolutely nothing will be conceded. The men demand 17½ cents. The managers say that they will not, under any circumstances, pay more than 17 cents.

Commisison Men Act.

Chicago, July 15.—At a meeting of the majority of the produce commission men of South Water street it was decided that because the strike was ruining business an effort would be made by the commission men to haul their own freight from the railway yards. Fearing a general tumult in the down-town streets, such as followed the moving of meat in the recent packers' strike, the commission men called upon Mayor Harrison and Chief of Police O'Neil and were assured that police protection would be given them.

To Settle Coal Strike.

Wilkesbarre, Pa., July 15.—Rev. J. J. Curran of this city, who claims to have a plan by which the miners' strike can be settled, left town for Philadelphia. Rumor has it that he will first seek an interview with President Baer, and then go to New York to see the presidents of the Lackawanna, the Delaware and Hudson and the Erie companies. The local operators say that no plan Rev. Mr Curran can propose at this late day will be entertained by the operators, and that if he went to Philadelphia and New York in the hope that he can interest the presidents of the big coal companies, his mission will be a fruitless one.

Michigan Mutual Life Insurance Co.
OF DETROIT.

O. R. LOOKER, Pres. — Organized 1867. — **A. F. MOORE, Sec'y.**

STATE OF OHIO, INSURANCE DEPARTMENT } COLUMBUS, April 1st, 1902.

I, A. I. Vorys, Superintendent of Insurance of the State of Ohio do hereby certify that

The Michigan Mutual Life Insurance Company,

located at Detroit, in the State of Michigan, has complied in all respects with the laws of this state, applicable to it, and is authorized to transact in this State, its appropriate business of making insurance on the lives of or against accident to persons, and insurance connected therewith and appertaining thereto, and granting, purchasing and disposing of annuities, as prescribed in Section 3596, Revised Statutes of Ohio, until the first day of April of the year next succeeding the date hereof. Its condition and business on the thirty-first day of December of the year next preceding the date hereof, is shown by the statement under oath, as required by Section 244, of said Revised Statutes, to be as follows:

Aggregate amount of available assets	$7,272,487 28
Aggregate amount of liabilities, (except capital) including re-insurance, and special accumulations	6,882,830.41
General surplus on policy holders' account	389,657 85
Capital stock	250,000.00
Amount of income for the year	1,675,713.37
Amount of expenditures for the year	1,252,126.63

{ SEAL } IN WITNESS WHEREOF, I have hereunto subscribed my name and caused my official seal to be affixed the day and year first above written.
A. I. VORYS, Superintendent of Insurance.

"F O R C E"

"Ever notice how a song will go with an audience if it arouses the memory of a pleasing taste?" asked the first-nighter "Take that little song on the New York roof. Goes something like this:

"Everybody's awful good to me.
Doncher know
I'm as sweet as any girl can be,
Doncher know
They took away my oatmeal,
But instead they gave me 'FORCE'
Everybody's awful good to me.

"Tune's nothing extra, no sentiment; nothing particularly funny in it—yet every night the house goes wild. Only one way I can explain it. 'FORCE' is a mighty good breakfast food; has a dainty, delicate flavor, is crisp and flaky—just the kind of a dish that a man's glad to see when he sits down to breakfast from force of habit and not because he wants to eat. It leaves a mighty pleasant taste, and it's the memory of that pleasant taste that causes the audience to appreciate so thoroughly that little song."

"FORCE" is a combination of the whole of the wheat and barley malt. Wheat contains all elements necessary for the sustenance and proper regulation of every organ of the body. It combines these elements in such proportions that no organ is overworked or under exercised in the processes of digestion and assimilation. Because malt is blended with the whole of the wheat, "FORCE" is a perfect food for the overworked or under-exercised stomach, as well as for the stomach in perfect health. Malt is the best natural tonic. In the manufacture of "FORCE" various chemical changes take place in both the wheat and malt which ordinarily are brought about in the first stages of normal and healthy digestion. This food, therefore, is quickly and easily assimilated, but still gives the various organs of the body sufficient exercise to keep them in perfect condition.

"FORCE" requires no cooking, and is delicious cold or warm.

Advance for Pullman Conductors.

The Pullman Car company has increased the pay of its conductors 15 per cent. They are divided into five grades, the lowest to have $70 a month and increasing by $5 steps to $90 for the highest. The increase will cost the company $300,000 yearly and affects 5,000 men.

Lost Nail Off Her Thumb.

Araminta Watkins, the three year old granddaughter of Mrs. Thomas Shepperd, met with a painful accident Monday. She caught her thumb in the clothes wringer. It was badly crushed the nail coming entirely off. Dr. Stacey was called and rendered medical assistance.

Sunday Base Ball.

Some Coshocton people enjoy Sunday base ball and a game that was attended by many persons from the city was played near Roscoe Sunday afternoon. The teams were from this city, and in the eighth inning they were tied. The Reds won by a score of 12 to 11, the other team being made up of well known players.

Sunday Excursion Tickets via Pennsylvania Lines.

Beginning Sunday, June 29, and continuing every Sunday thereafter until further notice the Pennsylvania Lines will sell Sunday excursion tickets at one fare for round trip to and from ticket stations between Columbus and Dennison. dxw7-31

NEW CATTLE PUNCHER

How an Electric Device Drives Steers to Slaughter.

SAVES BRUISING OF THE BEEF.

Work Is Done in One-half the Time and With Half the Exertion by a Novel Invention of a Kansas City Man—Approved of by an Armour Official.

The employees of a packing company in Kansas City now employ electricity to drive the cattle into the beef beds instead of shouts, clubs, whips and prods, says the New York Herald.

The application of electricity is made by two insulated wires connected with the light wires over the catching pen and the knocking pens. The current passes through a stick and connects with two brass points on the end.

"Punchers" is the name given the sticks. There are two punchers, each six feet long, in the catch pen and five four feet long in the knocking pens. The insulated wires are about twenty feet long, thus covering a distance in the pens of about thirty feet each.

One hundred and twenty-five volts of electricity are turned on. It is enough to make a sharp, stinging sensation without leaving a mark or a bruise on the beef. It is said fifty volts would be as effective.

The work is done in one-half the time and with half the exertion. The effect on the steer of the magic touch is amusing to see. A steer touched on the left hip immediately throws his hind quarters as far as he can to the right. He cocks one ear straight ahead and one straight back, switches his tail and starts straight ahead, not caring for a second shock.

There is a look of surprise in his eyes, and he seems to know that all the trouble lies in the end of that stick. He doesn't stop to get mad or howl. He has urgent business at the other end of the pen. That is exactly where the drivers and knockers want him.

It completely does away with all the rushes and dragging in with chains, for just as long as the puncher is behind the steer is just as far as he can get in front. The saving of time and of bruised meat is also an item to be considered.

This novel instrument is the invention of L. E. Unroe, the machinist in the beef beds, who has made several other useful improvements in the machinery.

The Schwarzschild & Sulzberger company has been using these punchers about a month. An Armour official has also viewed the puncher in use and speaks highly of the improved method.

Superintendent J. L. Sterrett says: "The cattle puncher is a great money saver as well as an instrument for saving breath, muscle and morals. Many actual dollars are saved because bruised beef is kept at the lowest minimum ever reached."

JOHNSTOWN EXPLOSION.

Calamity Occurred In One of the Country's Largest Mines.

The mine at Johnstown, Pa., in which the recent explosion occurred, whereby many lives were lost, is one of the largest coal mines in the United States, according to the statement of officials, says the New York World. From the entrance in the hill across the river to the one at Mill creek is a distance of three and three-quarter miles.

The Klondike section, in which the explosion occurred, is about two miles from the Mill creek entrance. The mine is divided into a large number of headings, levels and sections. The sections run off to the left and right of the headings and are known as rights and lefts by the miners.

The men who escaped are familiar with the mine. They have spent years working in it; otherwise they could never have reached the surface. Lights were cut, and there was no way for them to find their way to the top had they not known the mine perfectly.

BAKERSVILLE.

BAKERSVILLE, July 14—Miss Hattie Bahmer, of New Philadelphia, spent Sunday with her parents.

Lewis Rice was in Coshocton on business Monday.

Miss Clara Young is visiting relatives in Warsaw.

Henry Eberwine, of Chili, visited here Sunday.

Adam Hothem and family, of Buckhorn, visited here Sunday.

Mr. DeWitt and daughter Cora spent Sunday with Mr. and Mrs. Wm. Bixler.

French Miser, of Coshocton, was in town Friday.

D. B. Reiss was at New Philadelphia last week.

Arthur and John Barrick, of Coshocton, spent Sunday here.

ADAMS MILLS

ADAMS MILLS, July 15—Rev. Mr. Layman and wife, of Wooster, spent last week with friends at this place.

There will be a church festival at the Plains Saturday evening, July 26.

Mr. and Mrs. Guild, of Cleveland, Miss Ethel Gray, of Zanesville, and Mr. and Mrs. Alex Stewart, of Coshocton, attended the funeral of Mr. Gray Thursday.

Miss Maud Salygeber has gone to Sherrodsville, Pa.

C. S. Gray, a prominent citizen and farmer of Adams Mills, died last Tuesday morning after a short illness from typhoid fever. His age was about 45 years and he leaves a wife and two sons. Funeral services were held at the home Thursday morning, conducted by Rev. Mr. Layman, of Wooster, assisted by Rev. Mr. Fulton, of Sherrodsville, Pa.

Could Not Lie Down, Sit Up or Stand, Without Experiencing the Most Excruciating Pain.

Paine's Celery Compound

After the Failures of Physicians, Special Medicines and Electric Battery, Banishes Pain and Tortures and Restores Health.

In the ranks of sick, tortured and diseased suffers, many men and women have become hopeless because of the failures of physicians and their medicines.

We would have all such dejected and despairing mortals take comfort this very day. We would impress upon them the blessed truth that Paine's Celery Compound is abundantly able to save and cure even at the eleventh hour. Paine's Celery Compound accomplishes its life-saving work for the old and young when all other medical treatment fails. A multitude of people have furnished strong and incontrovertible testimony in support of the statement that "Paine's Celery Compound makes sick people well." Mr. John W Boyd, of Mishawaka, Ind., refers to his own case as follows:

"Last winter I was taken down with a very severe attack of nervous and muscular rheumatism, so bad that I could not be down sit up or stand, without the most excruciating pain. I was all the time under the care of two of the best physicians of the place, but I did not improve. I took different rheumatic cures and used an electric battery a half hour each day for ten days without any relief. Finally I concluded to try Paine's Celery Compound, and to my surprise after using one half of a bottle, I was able to get out and before I used the whole bottle I went to work and have worked every day since. I have gained 20 pounds in weight and am feeling first rate."

REDUCED FARES.

Chance For Trips via Pennsylvania Lines at Small Cost.

In addition to local excursions and reduced fares authorized for various events the following opportunities are offered for trips via Pennsylvania lines at special rates:

To Tacoma and Seattle, Washington, and Portland, Ore., July 10 to 20, inclusive, account Annual meeting Y. P. C. U. society of the United Presbyterian church.

PEFFER AS A NOVELIST.

Ex-Senator From Kansas to Write a Book on Economic Questions.

A striking exception to the rule that a statesman out of a political job is out of the world is found in the case of ex-Senator W. A. Peffer of Kansas, now residing in Washington, says the Kansas City Journal. At present Mr. Peffer is devoting his time to writing a series of reviews of certain periods of American history.

For some time past he has had in mind writing a work dealing seriously with questions of labor and capital, but has lately reached the conclusion that to be of practical benefit a work of this sort should be in the form of a novel, somewhat on the order of Bellamy's "Looking Backward," and among the works that he will produce during the coming fall and winter will be a novel on the subject aforesaid. Such, then, is the real Peffer, a man of literary parts and scholarly tastes, mild and conservative.

Nursing mothers need the unusual nutrition afforded by Hagee's Cordial of Cod Liver Oil (with Hypophosphites of Lime and Soda) It builds up the whole body, makes digestion strong—easy then to "eat for two."

Because Hagee's Cordial is the greatest restorative, corrective, reconstructive, *it cures* la grippe, coughs, colds, weak lungs, bronchitis, consumption, catarrhal conditions, nervousness, sleeplessness, indigestion, malassimilation, rheumatism, skin diseases, pimples, blotches, weakened conditions following fevers; impoverished conditions of the blood—and creates more and better flesh.

Hagee's restores the system to a normal condition, fortifying against illness.

Sold by all druggists. Prepared by Hoffmann Chemical Company, St. Louis, Mo.

Laborer Rewarded.

Berlin, July 15.—A laborer walking on the beach at Eckernfoerde, Prussia, on an inlet of the Baltic, recently picked up a pocketbook containing 30,000 marks ($7,500) in notes, which an American had dropped in the water from a yacht during the regattas. The finder learned that the American was still stopping at Kiel, returned him the money and was rewarded.

Quesada Has Nothing to Say.

Washington, July 15.—Cuban Minister Quesada refuses to make any statement regarding the words attributed to Consul General Bragg at Havana, in which he is alleged in a letter to Mrs. Bragg to have made remarks derogatory to the Latin race. The minister declares that he has nothing to say on the subject as yet.

Need More Help.

Often the overtaxed organs of digestion cry out for help by dyspepsia's pains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at C. E. Anderson's drug and Book store No. 2 Forbes block

In the Clothing Dept.

We have added some of the best Clothing money can buy. Equal to the Tailor Made suits and only one-half the price. Just think, a fine all-wool, clay worsted suit

$7.50

A regular $12.00 suit.

Boys' Suits 69c up to $5.00

We sell Clothing on 2 per cent not 5 percent. Quick sales and small profits.

We run fifteen stores in one and the expense is only a slight more than one store that makes a specialty of one line. That's how we can afford to sell so cheap.

In the Shoe Dept.

Since remodeling our store we have added several thousand dollars worth of Shoes, the best money can buy.

Among these Shoes is the AMERICAN LADY Shoes, every pair guaranteed and the latest style. Anybody buying a pair of these shoes, we will give free, a portrait of the prettiest lady in America. Call and examine our shoes. The right shoes at the right prices.

We carry a fine line of Grips, Suit Cases and Trunks. Give us a call; we have the largest line in Coshocton.

In the Hosiery Dept.

We buy our Hosiery in case lots direct from the Hosiery mills and we retail Hosiery at the wholesale price. Our big Rome sale will be continued next week as the demand has been such as to continue.

We sell the Rome ware because it is all guaranteed and we guarantee it to our customers. We buy it in gross lots direct from the Rome Manufacturing Co., and we retail it at the wholesale price.

Just think of it, a 2 qt Nickle Plated coffee pot, only 54c. Nearly as cheap as granite This is 2 per cent. cheaper than our competitors can offer.

We have hundreds of bargains to offer you but space will not permit. But if you will visit our store you will see we have the goods at the right price.

We just received a car load of Graniteware and Tinware on which we would be pleased to quote you prices.

Change in Diamond Fashions.

The diamond importation was greater during May than in any previous year, and at no period have more fine and more very large stones been imported. Within the last few years more attention than ever has been paid to the quaint and fanciful cutting of all precious stones, the diamond included, says the London Board of Trade Journal, and where ten years ago scarcely any other forms than the "brilliant" and the "rose" in diamonds were used during the last year there has been a great demand for stones that are "pear shaped," "marquise," "briolette;" also for table cut stones in all forms—triangular, circular, hexagonal and in the double rose form also, and a modification of the last form has been patented.
